1. EXECUTIVE CLAIM SUMMARY

The undersigned **Andrea Zabala Cárcamo**, enrolled in the ExpressVPN Identity Defender monitoring program under **Restoration ID: 85720870** and **Claim Number: 00115536906**, hereby submits this formal Claim Statement and Request for Identity Theft Restoration Services, Compensation for **Destroyed Hardware**, Full Reimbursement of **Purchased Replacement Devices**, Reimbursement of **Emergency Accommodations, Meals (\$2,000 USD Airfare & Living Subsistence for Claimant and Minor Son)**, Compensation for **Severe Bank Account Compromise & Financial Damage**, Emergency **Minor Child Identity Restoration**, and Compensation for **Three (3) Months of Total Loss of Income / Employment** following severe Dark Web credential leaks, targeted hardware cyberattacks, autonomous physical Wi-Fi implants, vehicle sabotage, physical harassment, and emergency multi-country displacements (including initial travel to Mexico with repeated unanswered institutional outreach attempts, followed by security relocation to Canada on August 7, 2026) arising from her role as lead forensic investigator in the 2026 Colombia Electoral Audit.

✂ 2. CHRONOLOGY OF QUALIFYING COVERED EVENTS

A. Dark Web Credential Breaches & Minor Child Data Theft (June - July 2026)

- ExpressVPN Identity Defender (Restoration ID: 85720870) issued critical notifications regarding unauthorized Dark Web exposures of email addresses, passwords, and personal identifiers.
- **Child Data Theft & Compromise:** Claimant's 10-year-old child's personal identifiers, school/medical records, and mobile line were severely compromised and exposed online following the June 13 emergency dispatch call, triggering over 1,600 barrage tracking calls/messages.

B. Severe Bank Account Compromise & Financial Distress

- Targeted unauthorized banking intrusion attempts, fraudulent account lockouts, severe credit score damage, and overdraft fee accruals caused directly by identity theft during Claimant's 3 months of enforced unemployment.

C. Firmware Rootkit Infection & Lenovo Hardware Lockout (June 8, 2026)

- Claimant's primary ThinkPad work machine suffered an advanced firmware-level Rootkit attack, hardware-locking the BIOS.
- **Official Support Ticket:** Lenovo Support Key Ref 2031621994 .

D. Autonomous Phantom Wi-Fi Network & Physical Surveillance Implant

- A certified cable technician and Claimant's spouse verified the continuous transmission of an anomalous rogue Wi-Fi signal anchored to the ExpressVPN Aircove router spectrum.
- **Main Circuit Breaker Test:** When total household electrical power was disconnected (leaving the residence in complete darkness), **the phantom Wi-Fi network remained actively transmitting**, confirming the physical implantation of an autonomous battery-powered surveillance device on the property.

E. Vehicle Sabotage, OBD-II Vector (FIXD) & Ambush (June 13 & 20, 2026)

- Targeted physical assault and road ambush on June 13, 2026, at 11:01 PM.
- **Emergency 911 Call by 10-Year-Old Child:** Official telecom carrier billing records verify a 3:00-minute dispatch call. The local Sheriff initially denied the call's existence and later produced a cropped .vma audio missing 59 seconds of the child's distress call.

- **Mitsubishi Master Technician Inspection (June 20):** Diagnostic inspection of electrical systems and physical sealing of the rogue OBD-II (FIXD) wireless attack vector at an authorized Mitsubishi dealership.

F. FBI Submission, IACHR Filing, Mexico Refuge & Canada Relocation

- **In-Person Appearance at FBI Richmond, VA:** Formal submission before FBI Richmond Field Office and IC3.gov (subsequently referred by FBI back to local Sheriff lacking cybersecurity infrastructure).
- **Buckingham Sheriff's Office:** Incident Report C20260617-0024-01 .
- **Inter-American Commission on Human Rights (IACHR):** Precautionary Measures Filing IACHR-0000113728 (June 29, 2026).
- **Initial Emergency Travel to Mexico & Repeated Outreach:** Following severe security threats, Claimant and her minor son first traveled to **Mexico** seeking diplomatic protection and shelter. During the stay in Mexico, Claimant made repeated formal outreach attempts to institutional and diplomatic authorities without receiving an effective protective response.
- **Academic Damages at University of Phoenix:** Enforced withdrawal (Grade: W) in psychological research reasoning due to rootkit hardware destruction, constant harassment, and multi-country emergency displacement.
- **Secondary International Relocation of Claimant & Son to Canada:** Due to persistent safety risks and lack of protective response in Mexico, Claimant and her 10-year-old son executed a secondary emergency security relocation to Canada on August 7, 2026 (exact emergency airfare cost: \$2,000.00 USD).

3. COMPREHENSIVE INVENTORY OF AVAILABLE PROOF AND EVIDENCE

The following 10 master categories of verifiable physical, digital, legal, and institutional evidence support this claim:

1. Hardware Destruction & Rootkit Evidence:

- Lenovo Official Support Ticket Key Ref 2031621994 (Hardware BIOS lockout via firmware rootkit on ThinkPad workstation).
- Cable Technician & Physical Inspection Log verifying autonomous rogue Wi-Fi signal transmitting during main electrical breaker shutdown.
- Proof of persistent malware infection overriding factory reset wipes on mobile hardware.

2. Vehicle Sabotage & Dealership Diagnostic Evidence:

- Authorized Mitsubishi Dealership Work Order & Electrical Diagnostics Report (June 20, 2026) inspecting electrical wiring and sealing the wireless OBD-II (FIXD) attack vector.

3. Police Department & 911 Audio Discrepancy Evidence:

- Official T-Mobile Itemized Usage Bill certifying a 3:00-minute 911 dispatch call placed by Claimant's 10-year-old child on June 13, 2026, at 11:01 PM.
- Buckingham County Sheriff's Office Incident Report C20260617-0024-01 .
- Audio .vma file provided by Sheriff's Office showing a 59-second discrepancy (cropped to 2:01 minutes).

4. Dark Web Credential & Minor Child Data Breach Alerts:

- ExpressVPN Identity Defender Restoration ID 85720870 Dark Web notifications (icfes.gov.co , Telegram Combolists).
- Telemetry logs documenting 1,600+ barrage tracking calls/messages targeting the minor child's mobile line.

5. University Academic Damage Evidence:

- Official University of Phoenix Transcript (Student ID: [REDACTED] , GPA 3.61, BSIOP Program) documenting enforced withdrawal (Grade: W in PSY/315) due to rootkit destruction and emergency travel.

6. International Legal Protection & Displacement Evidence:

- Inter-American Commission on Human Rights (IACHR) Precautionary Measures Filing IACHR-0000113728 .
- FBI Richmond VA In-Person Filing & IC3.gov Complaint Receipts.
- Emergency Flight Tickets (\$2,000.00 USD) and passport transit stamps (USA -> Mexico -> Canada on August 7, 2026).

7. Master Physical & Digital Forensic Vault (>677 GB):

- Preserved Physical Drive Vaults: D A T A1 (406 GB), ANZACA (79.71 GB), BACKUP (6.90 GB), Local NVMe (185 GB).
- Immutable Archival Vault on Internet Archive (colombia-e14-forensic-acervo-2026) and Zenodo (DOI 10.5281/zenodo.21922376).

8. PDF Structural Corruption & Deepfake Analysis:

- Diagnostic Database of 57,981 PDFs with damaged XREF tables (15 declared != highest 13).
- BabaYaga Core v1.1 Batch Audit certifying 100% XREF scar presence in original V_1junio downloads.

- Channel Alpha & EXIF Analysis proving synthetic /DeviceGray 1-bit masks ($\sigma = 0$).

9. QR Code Cryptographic Spoofing Proof (Blind Masking):

- Dual Hash Extraction over 121,960 Delegados PDFs (June 21): Physical SHA-256 Hash vs. 64-char QR Transmission Code. **Match rate: 0.00% (100% Fake Synthetic Vectors).**

10. Population Statistics & Benford 2BL Proof:

- Master Pre-count Database (base_mesa_a_mesa_122020_marcada.csv , 122,024 records).
- Mebane Benford Second Digit (2BL) test identifying 451 identical polling stations with 161 fixed cloned votes ($Z = -56.96, p < 0.0001$).
- Baseline Control Group Audit over 25,061 forms proving 99.96% clean status.

4. ITEMIZED SCHEDULE OF DESTROYED DEVICES, PURCHASED REPLACEMENTS & EXPENSES

Under the **Assurant / ExpressVPN Identity Defender

3,000,000USD Restoration Policy * *(ClaimNumber83,050.00 USD):

Category	Itemized Loss / Cost Claimed	Estimated Amount (USD)	Applicable Policy Coverage
Emergency Relocation, Housing & Subsistence	Emergency airfare (\$2,000.00 USD for Claimant and minor son), extended-stay emergency lodging, temporary accommodations, daily meals, food, and essential living expenses during multi-country security displacement (USA -> Mexico -> Canada).	\$31,200.00 USD	Threat Displacement Relocation & Living Expenses Coverage
Lost Wages / Employment	Three (3) Full Months of Total Loss of Income /	\$19,500.00 USD	Lost Wages & Wage Indemnification Coverage

Category	Itemized Loss / Cost Claimed	Estimated Amount (USD)	Applicable Policy Coverage
Loss	Employment (June, July, August 2026) resulting directly from hardware destruction, physical harassment, Faraday isolation protocols, and multi-country displacement.		
Destroyed Hardware Indemnification	Full indemnification for ThinkPad workstation laptop loss, primary mobile phones, child's line device, and compromised Aircove router.	\$7,800.00 USD	Total Hardware Loss via Cyberattack
Purchased Replacement Devices	Reimbursement for replacement Samsung S23 smartphone, secondary child's phone, and Faraday RF shielding equipment.	\$2,200.00 USD	Device Replacement for Harassment/Cyberdefense
Vehicle Sabotage Remediation	Authorized Mitsubishi dealership costs for electrical diagnostics, wiring repair, and wireless OBD-II (FIXD) vector removal.	\$2,150.00 USD	Property Damage & Sabotage Repair
Tuition & Academic Loss	Tuition reimbursement and re-enrollment fees at university due to forced withdrawal (Grade: W).	\$3,400.00 USD	Lost Educational Benefits & Assistance

Category	Itemized Loss / Cost Claimed	Estimated Amount (USD)	Applicable Policy Coverage
Legal Counsel & Forensic Audit	International legal counsel fees, IACHR/FBI filing costs, and technical cryptographic forensic audit expenses.	\$16,800.00 USD	Legal Counsel & Expert Coverage
Identity & Child Data Remediation	Dark Web credential remediation, minor child identity restoration , and data broker removal procedures across data tracking portals.	Covered Services	Identity Theft Restoration Services
Bank Account & Credit Remediation	Remediation of unauthorized bank intrusion attempts, account lockouts, FCRA credit score restoration, and bank fee waivers.	Covered Services	Financial Fraud & Credit Restoration
TOTAL ESTIMATED FINANCIAL LOSS	Consolidated Financial Loss Claim	\$83,050.00 USD	Total Financial Loss Claim

5. FORMAL COVERAGE REQUESTS

- Dedicated Restoration Specialist Assignment:** Immediate assignment of an Assurant claims specialist for reimbursement processing, **bank account remediation, child identity restoration**, and data broker removal.
- FCRA Credit Freeze & Bureau Notifications:** Assistance in placing credit freezes and fraud alerts with Experian, Equifax, TransUnion, and financial institutions.
- Immutable Evidence Verification:** All supporting technical documentation is permanently stored and verified at Internet Archive (<https://archive.org/details/colombia-e14-forensic-acervo-2026>) and GitHub repository <https://github.com/anzaca0330-pixel/AndreTaker---AnZaCa-Rep>.
